JOEY (ARNOLD) PARAGAS

With over 15 years of experience in graphic design, I maintain a passion to learn different forms of technology, styles and methods to keep my creativity and imagination current in this dynamic industry. My recent projects consists of various web applications and gaining experience with motion graphics.

// WORK

2007 - Present
Irvine, CA

COMMUNICATION COORDINATOR *FirstService Residential*

Lead graphic designer at the corporate office. I design newsletters, magazines, fliers, brochures, online social media content for 50+ unique communities each month year round as well as assorted motion graphics projects for digital displays located in our various regional offices. Design marketing projects for our corporate office to be used in California and other regional offices around the US.

2005 - 2007
Laguna Beach, CA

GRAPHIC DESIGNER / IT *Prudential*

Created various marketing materials for real estate agents in the 4 branch offices. Projects consisted of magazine ads, websites, logo design, brochures, fliers, signage and other real estate marketing materials.

I was also tasked to various IT help desk positions. Responsibilities consisted of troubleshooting various Windows machines, networking printers and other business machines, software installation and complete re-installation/reformatting of Windows machines.

2003 - 2005
Fullerton, CA

GRAPHIC DESIGNER *Pacific Performance Engineering*

Created various marketing materials and advertisements for the company. Created ads to be placed in large publication magazines. Developed and maintained the company website. Lead photographer of products and exotic vehicles used for testing. Also supported various computer repairs and troubleshooting.

2000 - 2003
Rancho Santa Margarita, CA

COMPUTER SALES AND TECHNICIAN *Staples*

Shift lead and head of the computer department upon opening the store. Was in charge of sales and tech support for various products. Tasks included troubleshooting, computer repair, re-installation of software and operating system, virus detection and clean-up.

// EDUCATION
