ARNOLD (JOEY) PARAGAS

With over 20 years of experience in graphic design, I maintain a passion for software development and technology. I am building a solid foundation in web development where my design skills and previous programming experience can come into great use. Always eager to learn new technology, different styles and methods to keep my creativity and imagination current in this dynamic industry.

// WORK

2019 - Present
Santa Ana, CA

GRAPHIC AND WEB DESIGNER
Financial Statemnet Services, Inc

My primary role is a web designer but also design for print as well. Front end development projects consisted of various client portals and emails, the company custom internal website and main public page using Bootstrap and Wordpress.

Designed various financial statements and main logo for company project. Trained and used a colorimeter for color matching as all printing is done in-house in both Santa Ana and Dallas branches.

2007 - 2019
Irvine, CA

COMMUNICATION COORDINATOR
FirstService Residential

Lead graphic designer at the corporate office. I design newsletters, magazines, fliers, brochures, logos, online social media content for 50+ unique communities each month year-round. Design various marketing projects for our corporate office to be used in California and other regional offices around the US.

2005 - 2007
Laguna Beach, CA

GRAPHIC DESIGNER / IT
Prudential

Projects consisted of magazine ads, websites, logo design, brochures, fliers, signage and other real estate marketing materials. Tasked to various IT help desk positions. Responsibilities consisted of troubleshooting various PCs, networking printers and other machines, software installation and complete re-installation of Windows OS.

2003 - 2005
Fullerton, CA

GRAPHIC DESIGNER
Pacific Performance Engineering

Created various marketing materials and advertisements for the company. Created ads to be placed in large publication magazines. Developed and maintained the company website. Lead photographer of products and exotic vehicles used for testing. Also supported various computer repairs and troubleshooting.

// EDUCATION

2000 - 2005
Fullerton, CA

BACHELORS OF FINE ARTS
California State Fullerton University

Completed a dual concentration in Graphic Design and Illustration. Also completed a Minor in Computer Science.

1997 - 2000
Irvine, CA

ASSOCIATES OF SCIENCE
Irvine Valley College

Completed the computer science program which consisted of various programming languages from Visual Basic, C and C++.
